

JAPANESE HAVE OCCUPIED AMOY

Mikado Convinced of the Partition of China Makes a Grab.

LI HUNG CHANG IS HELD

Will Not be Allowed to go to Peking to Negotiate For Peace.

THINK THE EMPEROR IS DEAD

London, Aug. 29.—[Special Cablegram]—Russia, France and Germany are reported from Peking to have decided to divide China. England is left out and the United States is neutral. The feeling is that England has been outwitted.

Hong-Kong, Aug. 29.—[Special Telegram]—The situation at Amoy on the coast near here is liable to induce serious complications. The Chinese are absolutely quiet but two Japanese cruisers are patrolling the coast and there is a Japanese fort in the city. Today thirteen hundred Japanese reinforcements left Dai-To-Tie, Formosa for Amoy. It is believed Japan is convinced that a partition of China is imminent and is now occupying Amoy for the purpose of seizing the province of Fokien, opposite Formosa, which has long been claimed by the Japanese as in their "sphere."

Cabinet Considers China Matter Washington, Aug. 29.—[Special Telegram]—The cabinet held the longest meeting of the summer today, sitting four hours on the Chinese question. At the conclusion of the meeting the members were reticent, merely saying they were discussing the diplomatic features. It is understood that replies from all the powers are in the hands of the president and taken as a whole are not satisfactory. It was for the purpose of framing a reply to the responses in question that most of the time was consumed.

A dispatch from Amoy was received this morning and withheld was also considered by the cabinet. The real meaning of the reply to the powers is that the United States wishes to withdraw from the Chinese imbroglio with the good will of the governments if possible or without it stern necessity demands.

Will Hold Li Hung Chang Paris, Aug. 29.—[Special Cablegram]—Admiral Courrejolles the French commander in Chinese waters, has cabled to the Navy department here that a council of admirals has notified the foreign legations at Peking that it has been decided to hold Li Hung Chang on board ship until the opening of the negotiations between the powers and China.

Think Emperor is Dead. Moscow, Aug. 29.—At the Japanese legation it is officially denied that the Japanese troops have captured the emperor dowager and the emperor, Kuang Hsu. The latter, the legation thinks, has probably been killed, and the dowager has escaped to Yegol, 140 miles from Peking, the same place where she took refuge in 1860 during the Anglo-French occupation of Peking.

Refused Offer of Peace The governor of Tsitsihar, who threatened to burn the town of Khabarovsk, has proposed peace to the Russian general, Grodekoff, but the latter absolutely refused all negotiations towards that end.

GEN. CHAFFEE TO WINTER 15,000

Preparations to Hold That Many Soldiers in China Until Spring Tien Tsin, Aug. 24 via Taku, Aug. 29.—Officers who have arrived here from Peking report that General Chaffee, commanding the American forces in China, is making all the necessary preparations to maintain 15,000 men through the winter. Fifteen of the American wounded, including the marines wounded during the siege of the legations have arrived here by boat from Peking.

TO AMEND THE KENTUCKY LAW

Frankfort, Ky., Aug. 29.—[Special Telegram]—In the senate today Alexander of Louisville offered a bill amending the election law. It places the appointment of election officers in the hands of the county judges and provides that county judges in appointing shall divide equally between the political parties. The bill does away with the state election commissioners.

Mrs. Frank Horning, of Milwaukee, is the guest of her mother, Mrs. Hattie A. King, 8 South Jackson street.

CROKER WINS IN PRIMARIES

Defeats Comptroller Coler's Forces Led by Ex-Senator Hill.

New York, Aug. 29.—Partial returns from the primary elections held in the various counties of the state yesterday indicate that Richard Croker will control the democratic state convention, to be held at Saratoga on September 11. The Croker forces won the first round in the battle against the friends of Comptroller Coler, led by ex-Senator Hill. Mr. Hill and Mr. Coler, however, do not regard the result of the primaries conclusive, and the battle will be fought out in the convention.

Mr. Croker, however, says the result is final, and that no candidate for governor from Greater New York can be nominated.

MRS. WRIGHT DIES IN JAIL.

Woman Who Was Injured in Gilman Riot Succumbs to Her Wounds.

Kankakee, Ill., Aug. 29.—Mrs. Charlotte Wright, who was the cause of the tragedy at Gilman, died in the Iroquois county jail at Watseka yesterday. Loss of blood and exposure during the tedious roundabout ride to Watseka caused her death. This makes four deaths resulting from the existence of the Wright hospital and subsequent riots. The dead are: John Meyers, Michael Ryan, Bessie Salter, and Mrs. Wright George Willoughby, one of the injured at Gilman, is not expected to live.

BULLER OCCUPIES BOER STRONGHOLD

The Transvaalers are Retiring From Machadodorp To a New Position North.

London, Aug. 29.—[Special Cablegram]—Gen. Roberts reports that Buller has occupied Machadodorp, the reported stronghold of the Boer army. The Boers are retiring from the town. Dundonald followed the Boers but could not proceed beyond Helvetia fifteen miles north owing to difficult ground. The enemy took a position too strong to be dislodged by mounted men. French reached Elandfontein, east of Machadodorp, today, the enemy retreating. It is evident that another campaign is necessary to get within striking distance of Botha.

GEN. WHEELER WILL RETIRE ON SEPT. 10

To Be Succeeded in Command of Department of Lakes by Gen. E. S. Otis.

Washington, D. C., Aug. 29.—General Joseph Wheeler, in command of the Department of the Lakes with headquarters at Chicago, will be retired on Monday, Sept. 10, on account of the age limit. On that day General Wheeler will be 64 years old, and he has no option about retiring, as the law which regulates this matter provides that an army officer is permitted at 62, but retires involuntarily at 64.

General Otis is now engaged upon the work of finishing his report upon conditions in the Philippines up to the time of his departure, and as this work is about completed it will not interfere with his assignment to Chicago, which was decided upon some time ago.

General Wheeler's retirement will leave a vacancy in the grade of Brigadier General of the regular army, and the president has before him a list of officers who are deemed eligible for promotion. The two officers considered most likely to be promoted are Brigadier General Leonard Wood and Major General A. R. Chaffee, both of whom are in the volunteer service.

MAY BE THE MURDERER

Man Arrested in Dubuque on Suspicion of Having Killed Plattville Boys in Missouri.

Dubuque, Ia., Aug. 29.—The police last night arrested Fred Earl, a stranger, on suspicion of being the murderer of the two Plattville, Wis., young men whose bodies were found near Kansas City, a month ago. The men had been "rough riding it," and it was thought at the time that they were killed by tramps for what little money they had with them.

ELOPERS PLEAD GUILTY

Bessemer, Mich., Aug. 29.—Thomas Mallington of Green Bay and Mrs. Mary Dunston of this city, who eloped five months ago, pleaded guilty today. Mallington was sentenced to three years in the State's prison, while Mrs. Dunston was sent to the Detroit House of Correction for twenty months.

The two, it is said, are brother and sister, and a more serious charge will be brought against them on the completion of their present term. When they eloped five months ago from this city, the affair was the talk of the range. They were arrested at Green Bay on complaint of the woman's husband, who is a sober and industrious working man. Mrs. Dunston is the mother of five children. The couple's confession was quite unexpected.

GEN. E. S. BRAGG AGAIN ELECTED

Iron Brigade Continues Him at the Head of That Society.

EYES DIM WITH TEARS

Grizzled Veterans Stand and Listen to the Old War Hero and Weep.

BADGER VETERANS' REUNIONS

Chicago, Aug. 29.—"Now, boys, I think we have closed everything in the way of business there for us to transact. We have had a glorious time. Men have met here yesterday and today who have not shaken hands since we floated 'Old Glory' over Mason and Dixon's line. I hope we will all live to have many such times. I feel that I shall live to meet with you all another time, and still another and another time. If there be anything in that great mercy and justice which set the world in motion we shall all meet there with our comrades who have gone before us—where we expect to go—where every good soldier will go—where we may not be permitted to be as noisy as we are here, but where we can all love each other just as much."

Tears in Aged Eyes. Three hundred gray and grizzled veterans of the famous Iron Brigade stood in silence yesterday afternoon with eyes dimmed with tears and listened to these words from their hero commander, General Edward S. Bragg. Not a word was spoken save those which came from the lips of the speaker. Their silence and tears told the story of their thoughts as the white-haired, kindly faced old man, his voice quivering with emotion, closed the final chapter of their reunion for 1900.

Then there was passed a resolution of thanks to Charles H. McConnell, who arranged for their entertainment and reunion, and three rousing cheers and a tiger were given for their old war leader.

Re-elect Gen. Bragg. Charles H. McConnell then made the motion which re-elected unanimously the incumbent officers of the brigade. He said the Iron Brigade was not in the habit of changing officers, and that he knew General Bragg was assured of the presidency for life. The officers are as follows:

- President—General Edward S. Bragg.
- Secretary—George E. Smith.
- Vice President, Second Wisconsin Infantry—Captain G. M. Woodward.
- Vice President, Sixth Wisconsin Infantry—Lieutenant Thomas Kerr.
- Vice President, Seventh Wisconsin Infantry—Colonel W. W. Robinson.
- Vice President, Nineteenth Indiana Infantry—General W. W. Dudley.
- Vice President, Twenty-fourth Michigan Infantry—Lieutenant Colonel A. M. Edwards.
- Vice President, Battery "B," Fourth Artillery Major James Stuart.

After telling a war story with the proverbial Irishman as the objective point, General Bragg declared the reunion closed. Most of the members, however, will remain in the city and attend the different entertainments included in the program for the week.

First Wisconsin Cavalry

At the meeting of the First Wisconsin Cavalry association in the county building the following officers were elected:

- President—John W. Gages of Lowell, Wis.
- Vice President—Capt. J. M. Comstock of Spokane, Wash.
- Secretary—Adj. C. P. Goodrich of Port Arthur, Wis.
- Treasurer—H. E. Putnam of Brodhead, Wis.

This regiment, together with the Fourth Michigan, had the distinction of participating in the capture of Jefferson Davis.

Third Wisconsin Artillery

The Third Wisconsin light artillery met in room 421, county building. The meeting was opened by a speech by President Esau Beaumont. John W. Ostrander of Chicago was elected president.

The Thirty-sixth Wisconsin

About 400 members of the Thirty-sixth Wisconsin infantry registered at room 306 in the county building. The regiment was a part of the Army of the Potomac, and was engaged in every battle from Spotsylvania to Five Forks and was present at the surrender of Lee's army.

Second Cavalry Reunion.

Capt. D. L. Riley of Lakeside and O. S. Sisson of LaCrosse were elected respectively captain and secretary treasurer of the Second Wisconsin cavalry at a meeting of that veteran organization held at the Ogden school yesterday afternoon.

FORGED CHECKS ARE PASSED

Four Beloit Business Men Are Victimized By Forgers.

Beloit, Wis., Aug. 29.—At least four business men cashed four checks last night. A. L. Johnson and John Phinn, are accused of passing checks for the sum of \$12 each, bearing the supposed signature of a prominent contractor. The men left the city also after getting the money. It is thought the police will not have difficulty in locating them.

POWERS PLOT FOR DIVISION OF CHINA

Germany Takes a Hostile Stand and is Ready to Declare War.

REJECTION OF EARL LI

America, Japan and Russia Refuse to Consent to Doom of the Empire.

SITUATION IS MORE CRITICAL

Washington, Aug. 29.—[Special Telegram]—Germany is on the verge of declaring war against China. This has been made manifest to the Washington government by the hostile stand of the German authorities against accepting Li Hung Chang as the emissary of China in future negotiations to reestablish peace.

It is clear to the president and his official advisers that the vengeance of Emperor William is likely to break loose at any moment.

Russia and Japan Hold Off.

A curious and even extraordinary phase of the situation is the amiability of Russia and Japan in the present crisis. If both these powers have not conformed strictly to the line of conduct laid down by the United States they have at least exhibited a willingness to consult Washington and listen to the advice of the administration.

The United States, Japan, probably Russia and another power want the Chinese government to return to Peking and assume control of affairs.

Powers May Seize Territory

If these powers succeed in keeping Earl Li out of Peking it is feared the nations who are in favor of this proposition will make war upon China and seize what territory they may want. If this course should be pursued, the United States would withdraw its troops and enter a vigorous protest against the carrying out of the scheme in contemplation.

Plot Division of China

There is no longer any doubt that some of the European powers have determined upon the dismemberment of China and that for some time those nations have been plotting with this end in view. At a meeting of the Admirals of the different nations, held on Thursday at Taku, a proposition was discussed which contemplated throwing obstacles in the way of Li Hung Chang and to prevent his arrival at Peking, where it is supposed he was going in the interest of peace.

Remy Does Not Sign Agreement

It is understood the proposition was acceptable to several of the Admirals, but that Admiral Remy declined to sign the agreement. It is not known whether the Russian Admiral signed it or not, but it is believed he did not, as the Russian government promptly protested to the other nations against the adoption of the scheme. Japan, it is said, also declined to have anything to do with the plan for wrecking the empire.

Situation Now More Critical

It cannot be denied that the situation in China is extremely critical and will require the most delicate handling to bring about a perfect solution and the other conditions contained in President McKinley's note to the emperor.

It is hoped the influence of the United States, Russia, and Japan will be powerful enough to frustrate this daring scheme. There is some doubt as to the exact whereabouts of Earl Li, but it is believed he is at Shanghai.

FIRE IN GOLD MINE MINERS IN DANGER

Flames Shoot Fifty Feet Into the Air at the Weldon Mine, Near Leadville, Colorado.

Leadville, Colo., Aug. 29.—The Weldon mine is burning. Flames are shooting up fifty feet into the air and lighting the sky for miles around.

It is thought that all the miners will be enabled to leave the shaft uninjured. The Weldon is owned by W. K. Burchinell, Dennis Shedy, and C. B. Koutz of Denver. It is in close proximity to other shafts, and a general fire in the east of town is feared.

DANE CO. FARMERS' PICNIC

Ex-Gov. Board to Address This Gathering at Madison on Saturday.

Madison, Wis., Aug. 29.—The annual Dane county farmers' picnic will be held at its University farm Saturday. It is expected that ex-Gov. W. D. Hoard will make an address. The picnic is an annual affair, but this year extra features will be added.

NOMINATE COL. N. E. MORGAN

Eighth District Democrats Put Up Appleton Man for Congress

New London, Wis., Aug. 29.—The democratic congressional convention for the Eighth district in this city was of the most quiet kind. Col. N. E. Morgan of Appleton, was nominated by acclamation, there being no opposition. Col. Morgan is the commanding officer of the Second regiment, Wisconsin National Guard, and served through the Spanish-American war as a major in the volunteer army. He had been city clerk of Appleton for several years.

West Superior, Wis., Aug. 29.—The democrats of the Tenth congressional district met here and nominated F. A. Partlow of Barron county, to make the run against Congressman Jenkins. There was no contest for the honor, it being rather a contest to find a man to accept.

WILL INVOLVE 140,000 MEN

Coal Operators Given Ten Days to Comply With Demands

Hazleton, Pa., Aug. 29.—If the anthracite coal operators refuse to grant the demands of the United Mine Workers as embodied in the reports of the scale and resolutions committee as presented and adopted at today's convention by Sept. 8, a strike involving 140,000 miners of which 40,000 are members of the Mine Workers' organization will be declared. The committee today applied to the National boards with headquarters at Indianapolis to order a strike if no amicable agreement is reached.

WM. J. BRYAN MAY VISIT WISCONSIN

He Will Arrive in Chicago Saturday Morning and Speak at Joliet and Springfield that Day.

Lincoln, Aug. 29.—[Special Telegram]—Wm. J. Bryan is considering a plan to arrive in Chicago Saturday morning, to leave for Joliet where he will speak in forenoon, Springfield in the evening and spend Sunday at his old home, Jacksonville, Ill.

After the labor day speech at Chicago, he may strike out for West Virginia, touching Ohio and Kentucky. Another talk of side trip is Wisconsin, Michigan, and Minnesota. The candidate sought refuge on his farm this morning to work on his letter of acceptance.

BRESCHI SENT TO PRISON FOR LIFE

The Trial at Milan of the Assassin of King Humbert Was Very Short.

Milan, Aug. 29.—[Special Cablegram]—The trial of Breschi, the assassin of Humbert began today. The court house was surrounded by soldiers and police. Only a few reporters were admitted and no visitors. Breschi, heavily ironed and pale, conversed with his attorney before the judges took their seats. Preparations are already making for Breschi's imprisonment, showing that the infliction of the full penalty for life is a foregone conclusion.

Breschi was pronounced guilty and sentenced to prison for life. Breschi admitted his guilt. He said he killed the king to avenge the miseries of the people.

MCCOY AND CORBETT RELY ON SCIENCE

After a Long Time With the Sluggers Fight Followers Will Have Chance to See a Scientific Battle.

New York, Aug. 29.—Boxing of a superior type will be witnessed in the arena of the Twentieth Century Athletic club at the Madison Square Garden tomorrow night, when those two past masters in the art of self-defense, James J. Corbett and Charles ("Kid") McCoy, will put on the gloves. There is no trick in the game of hit, stop and get away with which Corbett and McCoy are not familiar.

For several months the sluggers have been having things all their own way in prize-ring matches, the scientific fellows being out for the time being, but now that two such clever men as Corbett and McCoy should be selected to appear in the final bout of importance in this state before the Horton law repeal is operative on Saturday, is pleasing to all followers of pugilism.

They believe that the nimble McCoy and ever active Corbett will give an exhibition of a character sufficiently pleasing and free from brutality as to serve as a good argument for the continuance of boxing in this state. Both pugilists are confident of winning. The odds are on Corbett.

TOURNAMENT FOR MINISTERS

Kenosha Golf Club Is Arranging a Novel Meet.

Kenosha, Wis., Aug. 29.—A tournament is being arranged by the Kenosha Country club and the first qualification which will be demanded is that the players be regular ministers of the gospel. No one will be barred if he is a minister and is able to play the game. There are many ministers on the links each afternoon.

WILL MAKE WAR ON H. CLAY EVANS

G. A. R. Veterans Do Not Like His Conduct of Pension Office.

IN BUSINESS SESSION

Judge Leo Rassieur of St. Louis Will be Named Commander in Chief.

ELECT OFFICERS TOMORROW

Chicago, Aug. 29.—[Special Telegram]—The thirty fourth annual convention of the Grand Army opened at 10 o'clock this morning in the Studebaker. After the ceremony of introduction Mayor Harrison delivered an address of welcome and Commander-in-Chief Shaw responded. Soel M. Longenecker in behalf of the U. S. A. R. department of Illinois, welcomed the encampment and the balance of the morning was devoted to receiving the delegates.

Favors Pension Appeal Court

In his address Commander Shaw advocated the passage of a law providing for a pension court of appeals, saying: "Generous pension laws are one thing and their proper and legal execution quite another matter, as the action of the pension office furnishes abundant proof during the past few years."

On the question of having Memorial day fall on the last Sunday in May instead of May 31, Mr. Shaw strongly recommended the change.

Adjutant General Stewart in his report showed the total membership of the grand army on June last to be 301,900, with 6,778 posts with a membership of 276,662.

An Executive Session.

At 2 o'clock in the afternoon an executive session was held. Reports of the officers of the G. A. R., the commander-in-chief, the senior vice commander, the junior vice commander, the quartermaster general and the adjutant general were read. The various committees followed with their reports. Statements were received from the committees on legislation, military instruction, public school books, sons of veterans, and pensions. The report of the council of administration was also read during the afternoon.

Elect Officers Tomorrow

Tomorrow's session will open at 10 a. m. The business will be the election of officers and the selection of the place of the next encampment. Denver and Salt Lake City are supposed to be the principal contestants for the latter honor, although on account of railway rates some town like Louisville, Ky., may secure the prize.

Major Leo Rassieur of St. Louis so far seems unopposed in his candidacy for commander in chief. It is customary for the department that is acting as host to name the next senior vice commander, and at a meeting of the Illinois delegates this morning at 9 o'clock in Memorial Hall J. W. Burt, now a member of the pension committee, was made the candidate.

Fight On H. Clay Evans.

The principal fight before the meetings will be the final settlement of the pension question. The general sentiment of the members of the Grand Army of the Republic, it is alleged, is that the administration of affairs in the hands of the commissioner of pensions, Henry Clay Evans of Tennessee, has been faulty.

A determined onslaught will be made from many quarters on his administration of affairs. Speaking for the administration, and acting as the general in opposition to the fight upon the commissioner of pensions, will be Major Dick of Ohio.

It is claimed by his opponents that Commissioner Evans has followed too closely the policy of Commissioner Lockren, under Cleveland's administration.

The fight upon the administration of affairs in the pension office will be begun by the committee of pensions, composed of R. B. Brown of Zanesville, Ohio; A. G. Weissert of Milwaukee; John Palmer of Albany, N. Y.; General Daniel E. Sickles of New York city; J. W. Burt of Sycamore, Ill.; and Charles Clark Adams of Boston. The report of this committee will support the project of forming a court of pension appeals.

To Attend Darlington Fair

Monroe, Aug. 29.—[Special]—W. W. Chadwick and a party of 100 will leave Monroe on a special train tomorrow morning to attend the county fair at Darlington, Thursday, Friday and Saturday. They take a band with them.

Miss Carrie May Palmer is spending the week with relatives at Monroe.

## RAIN RETARDS THE WORK OF FARMERS

High Winds Have Lodged Corn—Molding and Damage to Oats by Wet Weather.

The average temperature for the past week was slightly lower than that of the week preceding, and ranged from 68° over the extreme northern counties to 78° over the southern portion of the state. The daily maximum temperatures were high, and continued so throughout the week, with no marked or sudden changes.

The rainfall during the week has been copious, and in some sections, especially in the southeastern portion of the state, unusually heavy, the total for the week in Racine county exceeding four inches. These rains at some points have been accompanied by very destructive hail storms and high winds, while the storm at Sheboygan on the 20th developed a typical tornado, which did considerable damage. Frequent showers have damaged crops to a considerable extent in some sections, and have retarded threshing and fall ploughing. The distribution of rainfall throughout the week has been very uneven, being lightest over the west central counties and heaviest over the southeastern.

The hot, showery weather has been favorable for the growth of corn, but considerable damage has been done by high winds, and complaints of lodging are numerous. Some early fields have been cut, and many others are now ready for the shock or silo, while the late plantings will be safe from frost in about three weeks.

Complaints of molding and damage to oats from other sources continue. Some threshing has been done, and the yield has been found to be about as anticipated.

Second crop clover continues to make very satisfactory progress and some second crop timothy will be cut.

Pastures continue very good and furnish an abundance of feed.

The violent hailstorms of the past week have very seriously damaged the tobacco crop, and in many places entire fields have been destroyed, but while the loss has been severe, it is not generally thought to be worse than last year, or worse than the average. That portion of the crop which had been shedded, or which escaped damage by the hail, is of excellent quality.

The situation remains practically unchanged, with regard to fruit, although some damage resulted from the severe hailstorms in some portions of the state, and the general opinion seems to be that results will be very unsatisfactory. Small fruits and berries, however, are of very good quality and abundant yield.

Buckwheat continues to make good progress and promises an excellent yield. Weather favorable for maturing cranberries. Supply of water, as a rule, moderate. Picking will commence in about two weeks.

## ROAD FIFTY YEARS OLD

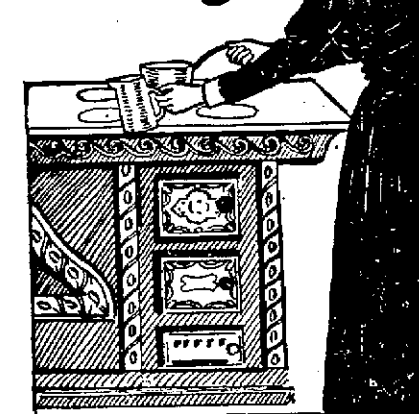

Milwaukee Railway System to Celebrate Its Anniversary Feb. 25 of Next Year.

The Chicago, Milwaukee & St. Paul railway, is preparing to celebrate the fiftieth anniversary of the running of its first train on Feb. 25, 1901. The line between Milwaukee and Waukesha, a distance of about twenty miles, was the first opened, and was the nucleus from which the extensive system of the Milwaukee road grows. The company today operates 6,396 miles of road, and has several extensions in course of construction. It has about 25,000 employees and 50,000 cars and engines of all kinds. The celebration may take place in Milwaukee, for Milwaukee is still the legal home of the company.

## THREE NEARBY WEDDINGS

Monroe, Wis., Aug. 29—Miss May Bell Case of this city and Edmund S.

**Three Meals a Day.**

How many years of her life does a woman spend over the hot cook stove getting those three meals a day? Back aching, head throbbing, nerves twitching, it's all the same, there are three meals a day to be prepared. Dr. Pierce's Favorite Prescription cannot lighten woman's labor, but it can and does increase her strength. It cures those diseases of the womanly organs which undermine woman's vitality.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out women who are afflicted with female weakness," writes Mrs. E. W. Holmes, of Cedar Rapids, Iowa. "It has helped me very much and a skillful physician once said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

Dr. Pierce's Pleasant Pellets are a good re-act upon the system. They are a good thing to keep in the house. One 'Pellet' is a laxative, two a cathartic dose. The medicine for every woman.

Gray of Sparta were married yesterday morning by the Rev. George W. Case, of the M. E. church. The father of the bride performed the ceremony.

Evansville, Wis., Aug. 29—Mr. Perry E. Clark and Miss Minnie Kleinsmith, both of this city, were married last night at Rockford.

Eagle, Wis., Aug. 29—The wedding of Mrs. Mary Doane of Oitawa to Julius C. Reeves of Eagle took place at the bride's home at high noon today.

## PROGRAM FOR THE LABOR DAY PICNIC

The program of the Labor day exercises to be held under the auspices of the Trades Council on Monday next promises to be very interesting.

The speakers for the occasion will be Rev. R. C. Darison, Rev. Father William A. Goebel and Mayor Victor P. Richardson.

The members of the Trades Council declared that much more pleasure could be derived from a celebration held at home.

The speaking will be held in the court house park and the other events including the free vaudeville entertainments will be held in the public streets and will be free to all.

The parade will take place at one o'clock and will be followed by the speaking, from then on the day will be given up to other festivities. Prizes will be offered in the following competitions:

Shoe Race—First prize, \$3.00; second, \$2.00.

Nail Driving Contest for Girls—First prize, \$2.00; second, \$1.00.

Protiest Baby Boy, two years old—First prize, \$3.00; second, \$2.00.

Sack Race—First prize, \$2.00; second, \$1.00; third, 50 cents.

Pat Man's Wheelbarrow Race—First prize, \$3.00; second, \$2.00.

The day's festivities will conclude with a dance at Assembly hall in the evening, for which Smith's full orchestra will furnish music.

## TRINITY CHURCH SOCIAL AND DANCE

The Young People's society of Trinity church held an enjoyable social and dance at Crystal Springs park last evening.

About seventy-five couples took passage on the Steamer Columbia for the park where Johnny Smith's orchestra furnished the music for the dance which was thoroughly enjoyed by the merry makers.

The party returned shortly after midnight. The committee of arrangements consisted of Clinton Baker, Nellie Dudley and Agnes Drummond. The floor was in charge of Chas. Knippenberg, Ernest Krip and Will Drummond.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by Smith's Pharmacy, next to P. O., Kodak agents.

MEETING OF PYTHIANS.

Sessions of the Biennial Assembly Opens in Detroit.

Detroit, Mich., Aug. 29.—Accustomed as it is to fine parades, Detroit perhaps never witnessed such a large and imposing procession as that given by the Uniformal Knights of Pythias of the World.

There were, according to a conservative estimate, 8,000 Knights and twenty-five bands of music in line. Two thousand Knights failed to report for the parade, preferring to witness it down town rather than endure the fatigue of a five-mile march.

General Carnahan announced that it was only two miles from the camp to Woodward avenue, but a large number of the men had opinions of their own, and, as they quitted in the sun, decided to act upon them. The supreme officers reviewed the parade from a stand in front of the city hall, and General Carnahan and staff from the corner of Michigan avenue and Griswold street.

Opening meetings were held by the Supreme Lodge, K. of P., and the Supreme Lodge of the Pythian Sisterhood. The Rathbone Sisters postponed their initial meeting until to-morrow. Supreme Chancellor Thomas G. Sample of Allegheny, Pa., presided over the Supreme Lodge meeting.

A Tracer of Pedigrees. Thomas Dutch Lord, who died the other day in Boston, was a graduate of Brown university and came of one of the oldest Boston families.

For many years since he lost his fortune he has made a good living by tracing the pedigrees of others. A woman at the Newberry library here is kept busy doing the same thing.

Barrel-Rolling Feat. For a wager of \$1,015 two Austrians are going to attempt to roll an empty barrel weighing 440 pounds from Vienna to Paris, a distance of 837 miles, in fifty days.

The route will be through Munich and Strasburg. On the barrel have been cut the arms of the cities of Paris and Vienna, the dates and the names of the two pedestrians.

## NEW FIRE WELL TEST A SUCCESS

Chief Engineer Spencer had the fire steamer out this morning, testing the new fire well at the corner of Armour and Violet streets in Spring Brook. The test was a complete success and the chief is well pleased with it.

The well tested this morning was put in by the Janesville and Southeastern Railroad company to replace the one at the corner of Eastern avenue and Armour street, which was on the line of the right of way of the new railroad. It was filled up when the grading was begun on the line through Spring Brook.

The new well is located one block south of the old one on Armour street, and will furnish fire protection to the large number of houses that have been built in that vicinity in the last few years.

## ROYAL NEIGHBORS HAVE AN OUTING

The large delegation of members of Crystal Camp No. 132, Royal Neighbors that visited the suburban home of Mr. and Mrs. Warren Hoskins, on the river north of the city, spent a most enjoyable afternoon. Games of various kinds were indulged in and caused considerable fun. Supper was served on the lawn and ample justice was done the elaborate menu.

The evening was spent in card playing, the first prize going to George Rathjen and the consolation to Miss Gertrude Gray.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good.

I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended, and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house.

It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I.

The Democrats are counting on a large colored vote in the north and at the same time are disfranchising the colored vote in the south. The managers ought, however, to give the colored voters credit for a few grains of political sense.

Explanation Needed.

Bryan would give absolute independence to the Philippines. This of course means that the flag shall be ferled and the army recalled. Will he explain how this can be done? Is there any constitutional provision for alienating American territory? If there is one constitutional argument against acquiring territory, there are a dozen against abandoning territory.

The rebellion settled that question once for all. As well talk about abandoning Texas, Alaska, Kentucky or Ohio. Methods of administration are legitimate questions for party differences, but to deny a fact solemnized by treaty and ratified by congress is to betray unpardonable ignorance of the powers and functions of government.

Bryan is opposed to a front porch campaign, as the collections made from the rear end of a Pullman are always much better than those made at lawn socials.

Calling It So Doesn't Make It So.

The insistent assertions of some Bryanite newspapers that the declaration that "imperialism" is the "paramount issue" recalls an old story.

"Suppose we call a dog's tail a leg, how many legs would the dog have then?" asked one man of another.

"Five," replied the other, speaking hastily without thought.

"No," said the first; "he would still have only four. Calling his tail a leg would not make it a leg."

So it is with "imperialism." Calling it so. Not all the black faced type in all the printing offices in the United States could lend color of truth to a plain falsehood.—Albany Journal.

Relied on Prayers.

Freemont, O., Aug. 29.—The infant child of Mr. and Mrs. Bert Ernst died yesterday, after terrible suffering with whooping cough.

The parents being Doweltes gave the child no medical aid, relying on prayers to cure it. The child's death has greatly aroused the neighbors and friends, who threaten the parents with bodily harm and arrest.

Members of the Dowie sect are also threatened, as two weeks since a popular young woman became a raving maniac over Dowieism and is now in the Toledo asylum.

San Francisco Given 342,763

Washington, D. C., Aug. 29.—The census returns show San Francisco to have a population of 342,782, against 298,997 in 1890, an increase of 43,785 or 14.64 per cent. This small percentage of increase is somewhat disappointing, but it is explained by the fact that a large number of persons have gone to Hawaii and the Alaskan gold fields. It is said that as many as 10,000 or 15,000 persons were lost to San Francisco from this cause.

The population of Boston, Mass., for 1900 is given as 560,892, against 448,477 in 1890, an increase of 112,415, or 25.07 per cent. The census bureau will tomorrow give out the returns for Detroit. This will complete the publication of returns from thirty of the larger cities in the country.

Varnish Factory Is Burned.

Chicago, Aug. 29.—Fire destroyed the four-story brick factory of the Tousey Varnish Company, 552 to 560 Twenty-fifth street. The amount of varnish and oils stored in the building made the fire dangerous, and three alarms were sent in. No one was injured.

There were a score of employees in the factory, but they were warned in time. Notwithstanding the work of the firemen, the flames sprang from the walls of the varnish factory to the establishment of Adler & Oberndorf, dealers in hides. The loss to the Tousey plant is estimated at \$10,000.

Lists Tombs for Taxation.

Cleveland, O., Aug. 29.—Many startling developments have characterized the work of making the decennial appraisal of property taxation in this city, but nothing has been more startling than the action of Appraiser M. P. Ryan of the 22d ward. His books were examined by the decennial board and it was found that he had returned for taxation all the grave-stones and tombs in Woodland cemetery, fixing the total value at \$300,000.

The members of the board say no other tax official ever thought of taxing gravestones.

65c is the closing figure we have put on all colored Stapley Shirt Waists that were \$1.00 to \$2.00.

WHITE Just a handful WAISTS, left. Hardly worth mentioning—\$1.00 for all that were \$1.50 to \$2.00. \$2.00 for \$2.50 or \$3.50 waists.

Summer Dress Skirts. To make a clean sweep we are almost giving them away—\$1.25 for skirts worth to \$4.50. \$2.00 for skirts worth to \$6.50. \$4.00 for skirts worth to \$9.00.

Kimonos. One lot, white and colors, lace trimmed muslin, were \$1.00, now 65c; \$1.00 for Kimonos that were \$1.50—fine lawn.

Wrappers. We have a liberal lot left of the \$1.25 pretty muslin wrappers now marked 98c. At \$1.23 you can get excellent garments of muslin or percale, that were 1 1/2, 1 3/4 and 2 dollars. Just because they're light colors is why we offer them at \$1.23.

Summer Wash Goods. 9c is the price at which we are winding up our 15c dimities, batistes, lawns. We haven't many left; you must act promptly to secure any.

80c Skirts. The Skirts that we are selling at 80c are not an every day occurrence. Not a one but what is worth \$1.25, and \$2.00 has been paid for no better. Materials are light and dark, plain and figured, ruffled flounce, adjustable yoke.

It's Early. But for those who happen to want them we are showing a large, new assortment of the very latest ideas in Collars and Collarettes of Fur. Prices—\$2.00, \$3.00, \$4.00, \$5.00 to \$22.00.

Winter Jackets. New things in pretty mode colored Kerseys, plain with strap seams; others with fancy lapels, satin lining, latest cut—\$10 and \$12.

Golf Capes. The only line in town. We're selling them right lively. Exclusive styles; one of a kind.

French Flannels. No other stock in the city compares with ours for completeness. All of the newest creations—light, medium, dark, dots, stripes, scrolls, figures, Persian stripes and figures, and beautiful embroidered effects, also all plain colors; 100 pieces HERE.

## IMPERIAL BRYAN'S HEART BLEEDS FOR THE FILIPINO.

The constitutional right of the Filipino to shoot holes through the flag appeals so strongly to Bryan that he does not want to hear the appeal of hundreds of thousands of negroes in the southern states who are being denied by violence and fraud their constitutional right to vote by his red shirt followers.—New York Tribune.

## Wisconsin Weather Forecast

FAIR tonight and Thursday.

The Chicago Journal, which is independent in politics, speaks as follows:

About swamping horses while crossing a stream.  
The stream is getting higher and stronger every day. Swollen and frothed by a thousand domestic tributaries, it has taken on lately a yellow flood from China. This yellow torrent may recede, but the chances are at least equal that it will increase in volume, and cause our stream to overflow, its banks.  
Just at present Uncle Sam is in mid-stream, astride a horse which, whatever its faults, is steady on its legs and not the least bit nervous.  
The water may be higher in November. Will Uncle Sam accept the invitation to swap horses?  
It is an interesting question.

The populists have not changed their principles. Everyone knows that this statement is true; yet the populists in dorse Bryan. Upon what grounds, therefore, can Mr. Bryan base his claim to democracy? If populist theories are unchanged, yet Bryanism represents them, what has become of the democratic theories?

The populists have also discovered that the Hon. Adlai Stevenson is of pliant political principle, and hence, they endorse him. Adlai, the pops, and the republican party are to be congratulated on the fact that such is the case.

The "Boys of '61" are as loyal now as they ever were, and speakers who counseled the pulling down of the flag got but scant courtesy at the Chicago encampment.

Tammany still holds together, but it will soon go to pieces with a crash. The ringster may hang together for a time but in the end they will all hang separately.

The official ballot in Milwaukee will be four feet long and three feet wide. A ticket of this size would certainly appear to be easy to split.

Fitzsimmons has retired from the ring again, and will not fight another battle, unless some other pug says something to make him real mad.

Now that a fruit tree propagator has produced a seedless apple, appendicitis will probably be less fashionable in the future.

The fact that the shooting season opens on September 1 has no bearing on the B. B. B. business, either.

A Michigan laundry girl has fallen heir to \$25,000—quite a clean up, surely.

Another tobacco warehouse for Jamesville! Bravo! Let the good work go on!

Good evening! Have you secured your shooting license?

## TARRED MACADAM.

"After years of experiment, this city is laying a pavement that for excellence, durability, and cheapness is commended for examination to those in charge of similar works in the United States,"

writes Consul Shepard from Hamilton, Ont., to the government authorities at Washington.

"The possibility of making good roads at reasonable cost has been demonstrated, and tests extending over a number of years on business streets prove that tarred macadam makes not only a smooth and solid roadway but one that can be kept in perfect repair at nominal expense.

"The first cost in this city, where limestone is abundant and near at hand, is from 70 to 86 cents per square yard; and the engineer estimates the cost of repairing on heavy traffic streets at less than 1 cent per yard per year, while asphalt costs over 3 cents.

"The addition of tar renders the roadway impervious to water, frostproof in winter, and prevents mud and dust in summer. It is easily repaired and does not require scraping, thus avoiding much wearing of the surface.

"One block of tar macadam laid more than a year ago on a business street where there is heavy teaming shows no perceptible wear today. In residential streets these pavements have been in use eight years, without any repairs, and are still in good condition.

"Most of the stone used here is machine crushed, but during the winter season it is broken by hired labor and paid for per cord, to furnish employment in lieu of aims to the needy.

"Limestone is used because it is abundant, but granite or flint stone would absorb less tar and stand more pressure and wear."

## M'KINLEY'S LETTER OF ACCEPTANCE

## Democratic Trumped Up Anti Imperialistic Issues Will be Handled Severely by Him.

Washington, D. C., Aug. 29.—Officials here who are in close touch with President McKinley assert that the oft repeated claim of the democratic managers that the republicans are showing a disposition to keep away from a discussion of the so-called imperialism issue will find themselves out of joint when the formal letter of acceptance by President McKinley is made public.

President McKinley is expected to return to his Canton home about September 10. Shortly after this formal letter of acceptance in which he will discuss all questions raised by the republican and democratic platforms and all issues that are dignified by discussion in this campaign. It is said that the president is taking special pains with this letter and it is believed it will be one of his strongest and most complete papers.

The democratic expectation that the republican nominee will evade the so-called issue of imperialism and militarism will not be realized.

## ENGLAND IN DANGER OF BUBONIC PLAGUE

## Great Britain Is Alarmed Over the Prospect of an Epidemic—Pest Houses Given Up.

London, Aug. 29.—While India is suffering from one of the worst outbreaks of cholera ever recorded, so that people are dying at the rate of 7,000 a week, Great Britain is alarmed by the prospect of an epidemic of bubonic plague within her own boundaries. The medical authorities at Glasgow have already had several cases under their observation.

On Monday a child sickened and died within forty-eight hours from an illness which was at first thought to be pneumonia, but after a minute examination by the hospital authorities was pronounced to be plague.

Another death occurred today, and ten families were removed to a reception house for patients suffering from this disease which the municipality has hastily established.

## Removal of Shag Rock.

After many years of menace to navigation Shag rock has been blown out of San Francisco harbor. A survey at the bottom of the bay at the spot where the rock had shown its head above the water was made July 9, and thirty-seven feet of water clear was found. A guaranty of thirty feet of water was required of the contractors. Work will now be commenced in removing Arch rock.

## Crusade Against Profanity.

The Washington police are conducting a crusade against profanity. Two men who had been caught were arraigned in the police court recently. One was fined and the other released on the ground that he yielded to temptation because of the hot weather. In cold weather, he said, he was a total abstainer from profanity.

## Kaiser's Park Closed to Public.

The beautiful forest known as the Wild Park, the property of the Kaiser, at Potsdam, will probably be closed to the public. For this the rowdy Berliners have themselves to thank. Against its regulations the woods are made hideous with paper in which provisions have been wrapped, and the deer are continually being frightened by the catcalls of the holiday crowds.

## ANTARCTIC EXPEDITION.

Exploring Party Departs to Reach the South Pole.

The International Meteorological committee, which held its last meeting at St. Petersburg, gives an account of the projected expedition to the south pole, which will be under the direction of Herr von Drygalski. The expedition left at the end of August, 1901, to go at once to the Cape of Good Hope, stopping only to make soundings from time to time in the South Atlantic. The equipment will be completed at that point, if necessary, and the magnetic observations will be begun. From the Cape the expedition will pass by Prince Edward and Crozet islands to Kerguelen, where at least one series of magnetic observations will be made. During the sea voyage meteorological observations will be made every four hours and between 11:30 a. m. and 1 p. m. a number of temperature readings will be taken, so as to determine more exactly the maximum temperature of the air above the ocean. At Kerguelen it is proposed to establish an auxiliary station, which will contain a registering instrument for magnetic variations, magnetometers and an inclinometer, and meteorological observations will be made there, using automatic registering instruments, says the Scientific American. In November, 1901, the main party will proceed eastward to 90 degrees longitude, then to Termination island, going from there to the hypothetical west coast of Victoria land. It is proposed to establish there the principal observing station, which will be in operation from February, 1902, to the same period of 1903. The return trip is then to be made. In February, 1903, the expedition will proceed westward toward Weddell sea, if possible, and from there pass by Georgia toward Tristan da Cunha. Starting from Kerguelen, the magnetic and meteorological observations will be made during the trip. At the main station will be established a complete set of instruments for magnetic variations and a set for absolute magnetic measurements. From the station a series of observation trips will be made in sleds and magnetic readings will be taken with the portable instruments. The vessel carrying the expedition is constructed of wood, with a complete rigging of sails and an auxiliary steam engine. The latter, with its accessories, will be placed in the rear, so as not to disturb the magnetic observations, which will be made on the captain's bridge. The use of iron will be avoided for a distance of six yards around the observation posts.

## A FIRE AT CARTWRIGHT, WIS.

Entire Business Portion of the Town is Destroyed.

Chippewa Falls, Wis., Aug. 29.—The business portion of Cartwright, a town of 2,000 near here, was destroyed by fire yesterday afternoon. Among the places burned were the sawmill, planing mill, flour mill, Birney's warehouse and a number of stores and dwellings. Assistance was sent from near-by towns, and it was reported that the lumber yards were saved and the fire was under control.

## BUNCH OF ROSES ON SCHALLER'S PLATE

WINNER OF THE KNEELAND  
CUP CONGRATULATED.

Driving, Approaching and Putting. Ex-  
cuses for Prizes on the Buckleton  
Links—Yesterday Afternoon—Mayor  
Richardson Warmly Congratulates  
Albert Schaller.

The perfect weather of yesterday at-  
ternoon attracted a large crowd of golf  
enthusiasts and their friends to the  
grounds of the Siniissippi club. The  
program arranged for the afternoon en-  
tertainment was exceedingly interesting,  
and was enjoyed by all present. The  
fact that all the contests took place at  
the home green in front of the club  
house and could be witnessed from the  
porch made it much more interesting  
for the ladies of whom there was a large  
number present.

The driving contest for men was not  
entirely satisfactory, the strong wind  
which prevailed in the early part of the  
afternoon making long straight drives  
hard to get. The prizes consisted of  
gold balls divided into four prizes. Fred  
Baker won the first prize, Dr. George  
Eiffeld and Frank McNamara divided  
second and third prizes, and O. C. Mac-  
Lean, Charles Schaller and C. L. Fifeid  
divided fourth.

In the approaching and putting con-  
test, over a net placed short of the hole,  
to guard the green and catch a topped  
ball. C. C. MacLean won the first prize,  
A. M. Valentine won second and Wilson  
Lane, F. E. Fifeid, J. P. Baker, and  
Fred J. Baker tied. Later Wilson Lane  
and J. P. Baker played off the match,  
Mr. Lane winning.

The ladies approaching and putting  
contest created great enthusiasm among  
the ladies and brought out a number of  
contestants. Miss Fizzie Schickler won  
the first prize, Miss Genevieve Rich, sec-  
ond; Miss Mae Valentine, third, and  
Misses Alice Shearer and Jennie Baker  
tied for fourth.

After the close of the matches an ap-  
petizing supper under the management  
of Mrs. F. E. Fifeid and Miss Kate Fi-  
field was served in the club house, the  
large table being filled with a number  
having to wait for the second table.

A place was reserved at the end of one  
of the long tables for Albert Schaller,  
who has lately brought the club into  
prominence by winning the Kneeland  
cup at the Milwaukee tournament. The  
place was decorated with roses, one  
spray being from Mayor and Mrs. V. P.  
Richardson, and the other from the  
officers of the club.

Later in the evening the people as-  
sembled were asked to step into the  
club house, and Mayor Richardson in  
an appropriate speech conveyed con-  
gratulations of the club to Mr. Schaller  
for his victory at Milwaukee.

Mr. Schaller in response said it was a  
great pleasure to him to win the cup,  
but he had experienced greater pleasure  
since his return in receiving the congratu-  
lations of his friends.

Roy Carter presided at the piano, and  
the day's pleasure closed with an informal  
hop.

## THE FOUNDATION WELL UNDER WAY

The foundation for the new factory  
building to be erected by the Wisconsin  
Carriage Co. is well under way and is  
being pushed to completion. In short  
time the frame work of the structure  
will be erected and before it is realized  
by the public the factory will be  
equipped and in running order. The  
large frame warehouse has been moved  
from its former location to the new lot  
and placed in position and a permanent  
foundation is being erected under it.

## OBITUARY OF HENRY SWEET.

Henry Sweet was born at Milford,  
Oswego, county New York, May 11th,  
1814 and "gently fell asleep" at St. Peter's  
Wid., August 21, 1900, being eighty-six  
years old. His early life was spent in  
New York and in 1837 he was married to  
Louisa Gates of the town of Marcy. To  
them were born five children of whom  
three are now living, Lyman,  
Spencer Sweet and Mrs. Philo Bost-  
wick. In 1857 he came to Shopiere and  
settled on a farm near here. After years  
of toil and thriftiness he moved in 1874  
to the village where he has since been  
floating peacefully down the sunlit stream  
of time till at last he has reached the  
harbor of rest.

A man of sterling integrity he leaves  
to his descendants a rich heritage—an  
honorable name and the respect and es-  
teem of all who knew him—than which  
no man leaves a richer. He has also  
left for a little while the wife who has  
been his joy and comfort through thirty-  
three long years of sunshine and shadow.  
She will be accepted as a tender legacy  
not only by her family but by the com-  
munity, since there are few homes here  
that do not owe to Grandma Sweet a  
debt of gratitude for kindly ministrations  
in times of sickness and sorrow.  
Mr. Sweet's funeral was held at his late  
residence, Rev. Frank Richardson officiating.

## SWITCH ENGINE MET A MISHAP

Rails Spread in the Lumber Yard of  
Schaller & McKee—Engine Runs  
Off the Track.

The large switch engine of the C. &  
N. W. railroad company met with a mis-  
hap yesterday afternoon while on the  
side track at Schaller & McKee's lumber  
yard that took the railroad company five  
hours to straighten out.

About two o'clock the engine went in  
on the lumber yard to deliver a car in  
the yards of the company. After leav-  
ing the car they started to go back on  
the main track. At the corner of the  
lumber office is a low spot in the street  
where the ditch that carries off the sur-  
face water commences. The ground  
was rather soft and the ties supporting  
the track were considerably rotted and  
allowed the rails to spread letting the  
large engine down into the dirt. After  
the engine was jacked up and a tempo-  
rary track laid it required the combined  
efforts of three engines to pull it back  
onto solid track. The switch engine  
was somewhat damaged and will have to  
go to the shop for a day or two.

## KNUDSON-MEYERS WEDDING

Rockford Young Couple United by Rev.  
C. J. Koerner.

Alvin Knudson and Miss Josie Meyers  
of Rockford, were united in marriage at  
Smith's Hotel yesterday. The ceremony  
was performed by Rev. C. J. Koerner of  
St. Paul's Lutheran church. The groom  
is a nephew of Mrs. Susan Smith. The  
young couple came from Rockford last  
week to get married, not knowing that  
the state laws of Wisconsin required five  
days to elapse between the taking out of  
the license and performing the cere-  
mony, so they had to wait for the re-  
quired time to elapse. They left for  
home yesterday immediately after the  
marriage.

## PEKIN IS A MASS OF RUINS

Hundreds of Acres Are Burned Over.

## DESTRUCTION IS APPALLING.

Report That Li Hung Chang Is Held as a Hostage—All Members of the Imperial Household Probably Safe in the Interior—After the Boxers.

London, Aug. 29.—An account of the conditions prevailing in Peking, dated Aug. 15, and mailed thence to Shanghai, whence it was cabled, says that the capital now presents an aspect of absolute desolation. The destruction has been simply appalling.

What used to be Legation street is now unrecognizable. All the houses of foreigners have been either burned, riddled with shells or blown up. The French legation, which used to have one of the finest compounds in the city, now only shows a few portions of its walls standing. Hundreds of acres covered by natives' houses have been burned over.

There has been the most wanton destruction of property. Buildings which were not burned were pulled down for the mere pleasure of destroying something.

The top of the city hall is a marvelous sight. There are brick and sandbag barricades every twenty yards, while the underground shelters are littered with discarded uniforms, hundreds of cartridge boxes, and pouches, and even rifles and spears, left behind by the Chinese when they fled.

At one place close to the American legation a determined attempt had been made to undermine it. A shaft was sunk from the top of a wall fifteen feet deep, and then continued as a tunnel, with a sharp slope for some distance in the direction of the legation. Whether the Chinese fired of their work or only abandoned it because of the approach of the allies, is not known, but the existence of the shaft was discovered after relief had arrived.

The day the allies arrived they burned several of the city gates. Fires are blazing everywhere. Several buildings within the imperial city were set on fire by the shells of the allies. The French, American, and Japanese artillery intermittently shelled the imperial city all day on Aug. 15.

There is no confirmation from any source of the report of an advance northward from Peking. On the contrary, a movement southward to clear the country and to insure free communication with Taku is apparently in progress. The powers, as late as Aug. 21, were still unable to agree as to how to deal with Peking itself, the Japanese and Russians being at variance as to whether the imperial palaces should be destroyed.

## Fruitless Search for Boxers.

Peking, Aug. 21, via Taku, Aug. 29.—Three Russian, two Japanese, one British and one American battalion searched the Imperial park south of the city and about five miles out for Boxers. No armed force was found, but only a single Chinese scout, who was killed. The Japanese are in possession of the Imperial summer palace today. The winter palace here is still closely guarded. The Russians wish to destroy it.

A southward movement began today, and will continue; but several detachments will remain to protect converts.

## Arrival News of Big Fight.

New York, Aug. 29.—A dispatch to the Tribune from London says that the news of an attack on the Chinese force assembling at Namyen, outside Peking, is anxiously awaited, according to a Japanese telegram from Taku. A combined detachment of Russian and Japanese cavalry was to have encountered this hostile body on last Saturday.

The Japanese are more successful than the rest of the combined contingent in getting through runners, probably because of their superior knowledge of the Chinese character and language, but even Gen. Yamaguchi's message, published at Tokyo yesterday, was dispatched from Peking as long ago as Aug. 13. The Japanese general's telegram gives no hope of the capture of the imperial family, and, indeed, it would seem that this cavalry force abandoned the chase on reaching the village of Mansan, where its commander learned that the empress and the emperor, under Gen. Ma's escort, had started for the west.

## Italy's New King in Danger.

Paris, Aug. 28.—A dispatch to the Petit Bleu from Rome says an anarchist has been arrested at Carrara on suspicion of having conspired to assassinate King Victor Emmanuel III.

## Pays Big Price for Coal.

London, Aug. 29.—The British admiralty has bought 100,000 tons of Welsh steamer coal at 28 to 30 shillings per ton, the highest price ever paid.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases that the army had to deal with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Bridge, Green Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by Smith's Pharmacy, next to P. O., Kodak agents.

## If the Baby Is Crying.

Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## GUIDA IS ORDERED EXCLUDED

Not Proven an Anarchist, but Will Be Deported as Undesirable.

New York, Aug. 29.—The Italian, Guida, who arrived in this country two weeks ago on the Kaiser Wilhelm II., in company with the alleged anarchist, Marcella, another Italian, was ordered excluded on instructions from the treasury department. He will be deported to Europe. Marcella's case has not been decided. Guida and Marcella were suspected of being anarchists when they arrived in this country, and there were reports that Marcella had come to kill President McKinley in accordance with a plot hatched in Italy. The men have been detained on Ellis Island. The board of special inquiry of the immigration bureau decided to hold Guida no longer, as it was shown that he had no connection with Marcella either in political or other manner. Because he was an undesirable immigrant, and because he had come over as a stowaway and no one had paid his \$10 fine, it was decided to exclude and deport him from the country. Marcella's case is still in abeyance.

## Serious Railway Strike.

London, Aug. 29.—The railway strike is as serious as ever. Both sides are determined to carry on the fight. Secretary Garrity of the Amalgamated Society of Railway Servants declares that the employees will submit to arbitration if they can get it. The average wages of railway employees in England is less than 14 cents an hour. The highest is \$20 a week, the lowest \$3.75, and the average \$6.16. The railway officials say they can resist the strike and find plenty of employees, but this is doubtful, in view of the scarcity of labor resulting from the war. The strike on the Taff Vale road in Wales may be settled to-morrow. The officials received a committee of the employees yesterday and a discussion followed, ending in a better feeling on both sides. Another conference will be held to-morrow. The Great Eastern employees will also meet to-morrow for final consideration of their grievance.

## Meade Sent to Manila.

Washington, D. C., Aug. 29.—The War department has received the following:

"Nagasaki, Aug. 28, 1900.—Adjutant General, Washington: Transport Meade arrived at this port on the 25th; battalion of Fifteenth Infantry, squadron of Third cavalry, company E, battalion of engineers, U. S. A. No casualties.

## "WILLIAMS, Commanding."

Orders have already been issued, sending the Meade with the troops she carries to Manila.

## Absconder Brought Back.

New York, Aug. 29.—Jose Castro y Garcia, who was arrested in Havre, France, on July 20 last, charged with absconding from Porto Rico with \$12,000 of United States government funds, arrived on the French line steamer Aquitaine and was locked up in Ludlow street jail. He is in custody of Luis Barrios, assistant chief of the insular police of Porto Rico, who went to Havre to bring back the alleged embezzler. By his extradition the French government recognizes the sovereignty of the United States in Porto Rico.

## Cries Two Years for a Bride.

St. Louis, Mo., Aug. 29.—Seventeen-year-old Johnny Ray of 1433 North Twelfth street cried for a wife for two years and got her. When 15 years old Johnny fell in love with Miss Lulu Gordon, two years his senior, and because his mother would not consent to the wedding he cried every time the subject was broached. At last his mother yielded to his tears, and the wedding has just taken place.

## Akron Citizens Threatened.

Akron, O., Aug. 29.—Many anonymous threats are being made against persons having information against the rioters of last week that they must keep their mouths shut. The commissioners have taken the precaution of placing a guard about the courthouse each night. The newspapers are receiving threats against their property if they don't "stop shouting for special grand juries."

## Vanderbilts Get It.

New York, Aug. 29.—It is stated in Wall street that the Vanderbilt and allied interests recently have increased their holdings in Pullman stock sufficiently to give them control of the company's affairs.

Some important changes in the management of the Pullman company are expected.

## Charges Assault with a Hatpin.

Alton, Ill., Aug. 29.—Adam Wolf charges his wife with making an attempt upon his life, with a hatpin for a weapon. The couple quarreled when they met after Mrs. Wolf had begun divorce proceedings, and Wolf claims he had to flee for his life. The man weighs 200 pounds and the woman 100.

## Child Scalded to Death.

South Bend, Ind., Aug. 29.—While the twin children of Henry Probst, a prominent East Side merchant, were at play Edward was pushed into a pail of scalding water. He died in terrible agony.

## Alabama Breaks All Records.

Boston, Mass., Aug. 29.—There is a new queen of the American navy, the United States battleship Alabama, which has won the title in one of the most magnificent speed trials yet held in the history of the navy. Her average speed for four hours' continuous steaming was seventeen knots, a figure not quite as high as that made by the Iowa, but notable.

## R. G. Dun Seriously Ill.

Narragansett Pier, R. I., Aug. 29.—R. G. Dun is seriously ill again at his summer villa, Dunmore. For several years he has been suffering from a complication of disorders, and last June, being too feeble to start on his annual fishing trip to Canada, he came to Dunmore, his country seat at Narragansett.

At first he improved rapidly, but he is now unable to leave his room. It is hoped, if he regains his strength, to remove him to his home in New York some time next month.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels. Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Dean's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhea and summer complaint.

## MENU FOR WEDNESDAY.

God must needs laugh outright, could such a thing be to see his wondrous markings here below.—Hugo von Trimberg.

BREAKFAST.  
Bacon with cream.  
Omelet.  
Smothered Asparagus. Beef Ragout.  
Sliced Radishes. Rolls.  
Coffee.

LUNCHEON.  
Cold Sliced Meat.  
Cucumber and Potato Salad.  
White Bread Sandwiches.  
Shortcake. Iced Tea.

DINNER.  
Pot au Feu.  
Broiled Steak, Tomato Sauce.  
Lyonnaise Potatoes, Stewed Corn.  
Parsnip Chips.  
Sliced Peaches, Orange Dressing.  
Snow Drops.  
Cafe Noir.

POT AU FEU.—Choose a solid piece of lower, round about two inches thick and weighing about one and three-quarters pounds. A piece having little fat is the best. Cut into half inch strips, cover with cold water and place on the back of the stove where it will gradually come to a boil. Simmer gently three hours. Half an hour before it is done cut up one carrot, half a dozen butter beans and two small onions and add to the soup. Boil rapidly into the tureen, put half a teaspoonful of salt, a dash of pepper and several slices of French bread. When the soup is done, turn into the tureen. Serve the vegetables and meat in the soup.

## MENU FOR THURSDAY.

Foster the beautiful, and every hour thou callest new flowers to birth.—Schiller.

BREAKFAST.  
Malt Breakfast Food.  
Potato Omelet.  
Sliced Cucumbers. English Brown Bread.

Asparagus on Toast.  
Tomato and Sweet Pepper Salad.  
Apple Fritters.  
Bar-le-Duc Currants.  
Cream Cheese. Dandel Tasse.

GERMAN PANCAKES.—Beat four eggs lightly and add one cupful each of milk and water. Add gradually four cupfuls of flour, stirring all the while; then add two table-spoonfuls of melted butter and one teaspoonful of salt. Mix thoroughly and add another cupful each of milk and water. Give a good beating and stand away in a cold place for a couple of hours. Put a tablespoonful of butter into a frying pan. When hot, put a ladleful of the batter into it. Spread so that it will cover the entire bottom of the pan. Turn on one side, turn and fry on the other. Spread with thin layer of preserves, roll, dust with powdered sugar and serve warm.

## CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and swell. It would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkably what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. R. Shirer, La Plata, Mo.

S. S. S. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.

## THE FALSE PROPHET

DISASTERS PREDICTED BY BRYAN IN CAMPAIGN OF 1896.

Every One of the Dire Prognostications Then Made Have Failed—Summary of the Evils of the Gold Standard.

If the prophecies and predictions made by Mr. Bryan had proved to be true, the gold standard, which has been in operation ever since he uttered them, would have produced the following direful results, to wit:

It would have increased the purchasing power of the gold dollar.—Madison Square Garden speech.

It would have been as certain to make prices fall as a stone is to fall when it is thrown into the air.—Newton (Ia.) speech.

It would have increased the debts of the people and lessened their ability to pay them.—Baltimore speech.

It would have made times harder and harder.—Same speech.

It would have starved everybody except the money changers and the money owners.—New Haven speech.

It would have transferred the bread which one man earns to another man who had not earned it.—Hartford speech.

It would have made the rich richer and the poor poorer.—Newark (O.) speech.

It would have decreased the number who are happy and increased the number who are in distress.—Same speech.

It would have destroyed the hope of the toiling masses.—Minneapolis speech.

It would have destroyed the opportunity to work.—Same speech.

It would have increased the number of idle men.—Same speech.

It would have decreased the volume of standard money.—Same speech.

It would have encouraged the hoarding of money.—Hornellsville (N. Y.) speech.

It would have made it more and more difficult for the farmer to live.—Madison Square Garden speech.

It would have injured the wage earner.—Same speech.

It would have made employment less certain.—Same speech.

It would have discouraged enterprise.—Same speech.

It would have paralyzed industry.—Same speech.

It would have lessened the ability of savings banks to collect their assets.—Same speech.

It would have increased the danger of depositors losing their deposits in savings banks.—Madison Square Garden speech.

It would have compelled depositors in savings banks to withdraw their deposits to pay living expenses.—Same speech.

It would have lessened the salaries of those engaged in business occupations and would have lessened the permanency of such salaries.—Same speech.

It would have injured those who have permanent investments in railroad stocks and other like enterprises.—Same speech.

It would have injured or destroyed the manufacturers of agricultural implements, wagons and buggies.—Springfield (O.) and Flint (Mich.) speeches.

It would have lessened the ability of the masses to buy goods and thereby would have lessened the number of commercial traveling men.—Indianapolis speech to traveling men.

It would have made it impossible for husbands and wives to pay off the mortgages on their homes.—Minneapolis speech to ladies.

It would have made it necessary to advocate the closing up of our public schools.—Monmouth (Ills.) speech.

It would have made it more profitable to loan money or to board it than to invest it in enterprise or property.—Syracuse speech.

It would have made dearer money, cheaper property, harder times, more people out of work, more people destitute, more people desperate, more crime.—Minneapolis speech to ladies.

It would have lowered the standard of civilization in this country.—Madison Square Garden speech.

It would have been writing the future in blood, crushed out by gold.—Erie (Pa.) speech.

ALL THESE PROPHECIES AND PREDICTIONS ABOUT THE EVILS THAT WOULD BEFALL US IF THE GOLD STANDARD WERE ADOPTED HAVE UTTERLY FAILED.

Mr. Bryan said in a speech delivered at Lincoln, Neb., July 7, 1900:

"The fight this year will be to carry out the sentiment of that song we have so often repeated, 'My Country, 'Tis of Thee.' If we lose, our children and our children's children will not succeed to the spirit of that song, and celebrations of the Fourth of July will pass away, for the spirit of empire will be upon us."

PASS THE SALT, PLEASE.

Bryan should establish a rigid censorship over his talks or there will be trouble before November.

As a Peace Measure.

The Republican party stands pledged to encourage the building of an isthmian canal, not as a foment of war, but as a peace measure and a commerce stimulator, because such a transoceanic waterway would facilitate the transportation of American goods and allow this country to secure more trade in foreign markets.

When the Game Begins.

Mr. Bryan may be pleased with the play of single parties who have endorsed him for the presidency, but when it comes to the necessary team work he will find it hard to connect with the curves that will be tossed to his men from the pitcher's box.

## FEMININE GOSSIP.

Notes About the Doings of Women in Many Parts of the Country.

Miss Sado De Laney of Yokohama, who has been the ward of the emperor of Japan since the death of her father, Colonel De Laney, more than two years ago, has come to America. This is her first visit to the home of her parents. Having passed the whole of her life among the Japanese children, she much resembles them in feature and manners. She was educated at a Catholic missionary school at Osaka, and she intends to enter college within a year. She speaks several languages and is beautiful and attractive. She is 18 years old.

Among cattlemen Mrs. Ollie North-lane is termed "The Cattle Queen of the West." In her unique vocation of cattle buyer she had indeed proved the theory of woman suffragists, that the gentler sex is admirably capable of plunging into the business world on an equal footing with man. West-erners have great respect for her judgment in cattle and hogs. In fact, she is considered one of the best judges of stock in the United States. Besides her success in the stock business she is a social success at Sioux City, Ia.

The governor of Kansas has appointed Miss Lillian Hall to fill the vacancy caused by the death of the coroner of Cowley county. She is probably the only woman in the world to hold the office of coroner.

Good fortune attended Mrs. Belle Nixon of San Francisco when she set out for the Klondike less than five years ago. Six months after she had been left a widow she placed her family with a sister and started for the Yukon, taking with her \$800. After many privations she made her headquarters in Dawson City. By dint of much saving and frugal borrowing she managed to exist until she struck a rich claim. Today her income is something more than \$25,000 per year. Her eldest son will enter Harvard with the class of 1905.

Getting oneself tattooed is the latest fashion among social aspirants. For many months this fad has been secretly flourishing, but not until the bathing season was the secret disclosed. The negligee of the bathing suit shows that the ladies prefer small designs, such as butterflies, flies and moles, while the men assume elaborate eagles, flags and marine views. The tattooers may look for quite a rush on the "mole effect" this fall.

"The Ministering Angel" of New York's east side, as Miss Mae Brown, the daughter of a millionaire banker, is known, has declared her mission in life to be that of a trained nurse and helper of the poor. Since her graduation from the Presbyterian hospital Miss Brown has made her home in the nurses' settlement on the east side. She has deserted society for work in her chosen field.

Miss Marion Abbott is said to be the first woman who has made money out of a violet farm on Long Island. A year ago she bought a deserted farm and has since been cultivating her favorite flower. Her profits for the season have averaged so far about \$150 a month. Miss Abbott says the flowers are very easy to cultivate and that it is a delightful occupation for women.

To Mrs. Ida Belmar Camp of Caro, Mich., belongs the distinction of having the finest collection of cacti in existence. She has in her possession over 700 specimens which she has raised herself, including some rare varieties not even to be found in large botanical institutions at home or abroad.

Mrs. A. E. McCrea, who was the landscape gardener of Lincoln park, Chicago, has completed more than 25 pieces of public landscape gardening during the past nine years. When her husband died ten years ago, she was left without means for support, and she took up gardening. From that it was but a step to landscape architecture, and she soon mastered that branch of the business. One of her best pieces of work is the landscape effect about the Soldiers' home at Grand Rapids.

The first woman to take the stump for Bryan is Mrs. Mary Green of New Rochelle, N. Y. Though she is 75 years old, she is a woman of wonderful conversational force and usually carries her point.

St. Joseph, Mich., can boast of at least one woman who has a unique profession. The proud distinction of having witnessed more marriages than any other woman in the state falls to the lot of Mrs. John W. Needham, the wife of the county clerk. Mrs. Needham runs a wedding trust. To the many couples who call at the town hall for marriage licenses Mrs. Needham supplies the clergyman and offers the shelter of her parlors for the ceremony. Business is thriving, and now St. Joseph rivals the famous Gretna Green of Scotland.

ANNETTE CRAWFORD.
